

Hikmat

I am Hikmat, a full-stack developer with over 5 years of experience specializing in TypeScript. I excel in building scalable web applications with modern JavaScript frameworks like React, Next, Angular, Vue and Node Js. Skilled in TypeScript, API development, and database management (SQL, NoSQL). Experienced in optimizing codebases and collaborating with agile teams. Passionate about clean code, emerging technologies, and delivering user-focused solutions.

What I Do

Full-Stack Development

Building end-to-end web applications, skilled in creating scalable and efficient solutions tailored to client needs. Focused on implementing **secure mechanisms**, **multi-layer security**, and efficient **caching strategies** to ensure optimal performance. Experienced in **optimizing UI** and utilizing **loading mechanisms** to enhance user experience.

API Development

Designing and implementing **RESTful** and **GraphQL** APIs, focused on secure, high-performance communication between services. Experienced in **Redis** and caching mechanisms to optimize API performance, ensuring fast and high-throughput APIs.

Database Management

Experienced in managing relational databases like **PostgreSQL** and **MySQL**, as well as **NoSQL** solutions like **MongoDB** for dynamic data handling.

AWS Services and Security

Proficient in using **AWS** services for building scalable cloud solutions and implementing robust security protocols to safeguard applications.

WordPress Expertise with Theme/Plugin Development

Specialized in developing and managing **WordPress** websites, with expertise in CMS customization, content management, and creating custom themes and plugins using **ACF (Advanced Custom Fields)** and **shortcodes** to extend functionality.

Languages and Tools

Proficient in **primary languages**: like **TypeScript**, **JavaScript**, **CSS**, and **HTML**, with a strong focus on developing scalable and efficient applications. Familiar with tools like **Angular**, **Node.js**, **Nest.js**, **React**, **Next.js**, **Vue.js**, and testing frameworks such as **Jest**, **Mocha**, and **Cypress**. Experience with **secondary languages**: such as **Python** (**Django** & **Flask** with 1 project) and **Java** (**Spring Boot** with 1 project).

WebSocket and WebRTC

Proficient in using **WebSocket** for real-time communication and **WebRTC** for peer-to-peer media exchange, enabling seamless video and audio interactions.

Optimization and Debugging

Improving performance of existing codebases and resolving complex technical issues. Ensuring clean, efficient, and reusable code practices.

Attractive Frontend UI

Creating visually appealing and user-friendly interfaces to enhance the overall user experience. Expertise includes **Three.js** for 3D graphics, **D3.js** for data visualizations, and theming to ensure consistency and aesthetics across applications.

HubSpot CMS with Theme/Plugin Development

Specialized in developing and managing **HubSpot CMS** websites, with expertise in CMS customization, content management, and creating custom themes and plugins to extend functionality.

Education

2015 – 2019

KUST University

Bachelor of Computer Science

Graduated with a Bachelor's degree in Computer Science from KUST University. Developed a strong foundation in computer science principles, algorithms, and data structures. Completed coursework in software engineering, database management, and web development. Participated in various projects, gaining hands-on experience in developing scalable web applications.

Experience

2023 – Present

Selteq IT Solution

Fullstack Developer

Working as a Fullstack Developer at Selteq IT Solution, Islamabad. Responsible for developing scalable web applications using modern JavaScript frameworks like React, Next, Angular, and Node.js. Collaborating with cross-functional teams to deliver high-quality software solutions. Implementing secure and efficient code practices to optimize application performance.

2022 – 2023

VOUS(LeadVy)

Fullstack Software Engineer

Worked as a Fullstack Software Engineer at VOUS(LeadVy), Dubai. Developed and maintained web applications using React, Next.js, and Node.js. Implemented RESTful APIs and GraphQL endpoints for secure and efficient communication between services. Collaborated with UX/UI designers to create visually appealing and user-friendly interfaces.

2020 – 2022

AIVATEK

Fullstack Software Engineer

Worked as a Fullstack Software Engineer at AIVATEK, Islamabad. Developed and maintained web applications using React, Angular, and Node.js. Implemented secure and efficient code practices to optimize application performance. Collaborated with cross-functional teams to deliver high-quality software solutions.

2019 – 2020

Cyber Peak Solution

Frontend Developer

Worked as a Frontend Developer at Cyber Peak Solution, Rawalpindi. Developed and maintained web applications using React, Angular, and Vue.js. Collaborated with UX/UI designers to create visually appealing and user-friendly interfaces. Implemented secure and efficient code practices to optimize application performance.

Certificates

AWS Certified Developer – Associate
26 Dec 2024
